oak barrels.

BOTTLING DATE

December 2014.

PRODUCTION

9.790 bottles & 401 magnums.

Harvest influenced by the lack of rain during the winter and absence of frosts. The well-distributed rains arrived in the Spring, just before the beginning of a hot summer with an early veraison. Smooth end to ripening with a progressive harvest and stable temperatures.

The most aristocratic Terreus in recent years. Clean fruitiness, subtlety, depth and precise aromatic structure in a multilayered wine.
