

Vendimia Seleccionada

MAURO VENDIMIA SELECCIONADA 2005

Alcohol: 14.5%

Grape varieties: Tempranillo 100%

Vinyards: Tudela de Duero- Santibáñez de Valcorba

Vintage:

A very dry year with an early harvest and much lower yields than previous vintages. The best quality came from mature vines with a deep root structure which ensured slower ripening. This gave us a very good expression of the typicity of our terroir.

Tasting notes:

Intense and seductive with a stunning ripeness of black fruit and perfectly integrated oak. Embracing, polished and full bodied, exquisite with a lovely rich texture and sweet tannins. Refined and voluptuous.

Ageing & consumption

Bottled in March 2009 after an ageing period of 33 months in vats and barrels of both French and American oak, both new and used.
